## SUMMARY

Dara Hendrix is a managing director in BRG's Global Construction practice and has over thirty years of experience. She has successfully built, managed, and consulted on a variety of projects for large builders, owners, and developers across the country. Her project experience includes civil infrastructure, transportation, waste water treatment, maritime, public buildings, military, healthcare, data, telecommunications, environmental, commercial, industrial, mixed use, multifamily residential, hospitality, retail, and entertainment.

Ms. Hendrix has been retained as an expert witness for complex construction matters, authored extensive expert reports, and provided expert testimony in federal and superior court for matters related to construction costs, delay, disruption, and standards of care and practice.

## EDUCATION
