BETTER DATA, BETTER SLEEP.

Comply with US State Data Privacy Regulations

BRG partners with clients to achieve compliance with new U.S. state privacy laws including the California Consumer Privacy Act (CCPA) and Nevada's Senate Bill 220. Using our Data Privacy Model, we deliver compliant, sustainable privacy programs that not only achieve compliance with CCPA and SB220 but are scaleable and flexible enough to grow with your business and to keep up with this dynamic area of law. Depending on the needs of your business, BRG can provide advice and support or can serve as your out-sourced privacy program, building it from the ground up and providing on-going services to fulfill data subject requests, respond to potential data breaches and otherwise manage the day-to-day requirements of maintaining compliance. BRG prides itself on being "intelligence that works." We begin by rolling up our sleeves and mapping your systems and processes that involve personal data and work from there to create a right-sized, effective program for your business. Our "Discover- Build-Communicate-Evaluate" model is a simple, self-correcting and sustainable model that can be tailored to your specific business environment.
