

GREAT MINDS THINKING DIFFERENTLY

*A programme and forum connecting senior leaders
with aspiring professionals*

BRG's 'Great Minds Thinking Differently' programme aims to develop and deepen our relationships at all levels with our key legal and corporate contacts. From helping junior professionals begin to build their networks and providing them with ideas and tools for personal and professional development, to sharing our deep sector and industry expertise via seminars aimed at partner level, our custom-built programme can cater to all client requirements. All our events can be delivered either virtually or in person and are designed to be followed by team-on-team social activities.

For further information or to arrange a session please contact Dan Tilbury at dtilbury@thinkbrg.com.

PERSONAL DEVELOPMENT

Aimed at up-and-coming professionals, our personal development pillar invites speakers to present non-technical talks on themes such as performance and wellbeing, burnout, and diversity & inclusion related issues.

Sample Event: 'Fearlessness, Commitment, & Resilience' presentation by Maggie Alphonsi MBE

THOUGHT LEADERSHIP

Featuring a speaker or panel discussing topics relevant to your organisation, practice, or team, events of this category are appropriate for all professionals and work well in a variety of contexts from large presentations followed by drinks to smaller seminars over lunch or dinner.

Sample Event: 'Threats to network businesses in the 2019 General Election' presentation by BRG & Hanbury Strategy

PROFESSIONAL TRAINING

We offer a series of concise, informative and interactive workshops on a range of subjects including economics, finance, and accounting alongside sector insight. Please refer to our [training menu](#) for a list of sample seminars or contact us directly to arrange content that can be designed on request.
