SUMMARY

Frank Wisehart, MBA, CPA, ABV, CVA, CFE, MAFF, is a nationally recognized forensic accountant and valuation expert with more than 30 years of experience testifying in complex, high-stakes litigation. He has testified more than 120 times in federal and state courts, arbitration, mediation, and regulatory proceedings, including matters before the Public Company Accounting Oversight Board (PCAOB). Mr. Wisehart is widely relied upon by counsel for his ability to withstand aggressive cross-examination and to clearly present complex financial issues to judges, juries, and opposing experts.

Mr. Wisehart is a Managing Director in BRG's Forensic Accounting practice, within the firm's broader Economic Disputes platform. His testimony and analyses span matters involving lost profits, business valuation, economic damages, fraud, accounting methodology, alter-ego allegations, and GAAP compliance. His opinions are grounded in rigorous, standards-based methodology, informed by extensive service on national accounting and valuation committees responsible for professional conduct, technical standards, and expert practices.

Mr. Wisehart's areas of expertise include:

- Lost Profits and Economic Damages
- Forensic Accounting and Financial Investigations
- Business Valuation
- White Collar Crime
- Accounting Rules and Regulations
- Gift and Estate Tax Valuation
- Family Law
- Bankruptcy

EDUCATION

- Master of Business Administration (MBA), Cornell University and Queen's University (Canada), 2009.
- Bachelor of Science (BS) Business, Miami University, 1988.

- Board Member, 2018–2022.

Ohio Society of Certified Public Accountants

- Ethics Committee Board Member, 2003 – 2010.

EXPERIENCE

Lost Profits and Economic Damages

Quantification and rebuttal of large-scale lost profits, commercial damages, and equity value claims in high-stakes litigation.

- Rebutted \$350+ million in damages claims arising from alleged defects in wind turbines at a major Texas coastal wind farm. Addressed lost profits, loss of use, breach of contract, and warranty claims asserted by a New York–based clean energy developer. Matter adjudicated in the New York Supreme Court.

- Rebutted \$300+ million in damages claims related to construction delays at a wastewater treatment facility. Coordinated damages analyses with causation experts and prepared cross-complaint damages in a complex, multi-party dispute.
- Quantified \$10 million in damages arising from long-term fraudulent concealment of cash, rents, and misappropriated expenditures across multiple apartment complexes. Reconstructed financial statements and economic losses over a ten-year period. Methodology upheld on appeal by the California Court of Appeal.
- Calculated \$15 million in damages associated with the sale and operation of a large integrated resort development in Sonoma County, including a hotel, winery, restaurants, and residential components.
- Developed damages models for contract breaches, intellectual property infringement, and noncompete violations for an electronic media and content company owned by a former world-ranked professional golfer. Quantified lost profits, impaired enterprise value, and lost market share.
- Rebutted \$20+ million in damages claimed by a regional construction contractor involving alleged employee raiding and noncompete violations. Challenged the opposing expert's assumptions and loss modeling.
- Rebutted claims of lost equity value arising from alleged stock option mispricing at a Silicon Valley electric vehicle and charging station venture in connection with employment termination and compensation disputes.
- Determined economic damages for a commercial hotel involved in a cash-skimming scheme. Reconstructed actual receipts and evaluated undocumented cash expenses under applicable tax and accounting standards.
- Conducted ability-to-pay analyses for a national restaurant franchise in support of debt restructuring negotiations and contested creditor claims.
- Provided expert financial analysis for a Beverly Hills physician practice and surgical center, tracing capital contributions, ownership interests, management fees, and complex distribution waterfalls.
- Rebutted \$6 million in damages claims asserted by a construction materials supplier alleging noncompete violations. Demonstrated that claimed losses were attributable to broader economic conditions rather than alleged misconduct.
- Rebutted multimillion-dollar damages claims related to the failure of over 26,000 payment terminals. Addressed successor liability issues and refuted claims for lost profits and lost business value.
- Prepared a \$15 million damages analysis for a prominent film director against a private investment firm alleging conflicts of interest. Matter resolved prior to litigation.
- Prepared lost profits and valuation rebuttal analyses for a sand and gravel mining company in response to a California eminent domain action.
- Rebutted economic damages claims against a private equity firm and its directors relating to alleged investment losses arising from stock conversions and Rule 144 restrictions.

Forensic Accounting and White Collar

Forensic investigation, tracing, and financial analysis in complex fraud, fiduciary breach, bankruptcy, and regulatory matters.

- Traced the misuse of \$12 million of investor funds by a fiduciary manager. Reconstructed sources and uses of funds through multiple alter-ego and related-party entities. Quantified damages arising from the scheme and prepared analyses supporting the forfeiture of the fiduciary's pro-rata ownership interest.
- Traced \$100 million in construction payments for a clean water treatment facility involving multiple related-party entities. Investigated alter-ego allegations, traced invoices to third-party corroborative evidence, and conducted on-site inspections and interviews with key project personnel.
- Retained as Chief Financial Officer for a large continuous-process recycling plant with wastewater facilities during bankruptcy proceedings. Identified disallowed related-party payments, administered bankruptcy disbursements, submitted court-mandated operating reports, and reconstructed books and records. Served post-petition as CFO on the transition team replacing pre-petition management.
- Conducted ability-to-pay analyses for compensatory and punitive damages in defense of a publicly traded medical group. Defended consolidated class-action claims involving 1,126 lawsuits related to defective medical devices. Performed solvency, cash flow sufficiency, capital adequacy, and borrowing capacity analyses.
- Defended multiple corporations against allegations of abuse of the U.S. Government's Paycheck Protection Program (PPP). Traced sources and uses of PPP and non-PPP funds and evaluated allegations of improper expenditures and senior-level misconduct.
- Reconstructed \$8 million in unreported customer cash receipts for a multi-location restaurant enterprise facing criminal tax allegations. Rebutted flawed methodologies used by multiple California taxing authorities, resulting in multi-million-dollar tax savings.
- Traced \$7 million in equity payments from a Chinese investment firm to U.S.-based real estate operations. Identified irregularities in the classification and reporting of equity and loan proceeds across books, records, and tax filings in multiple jurisdictions.
- Conducted financial due diligence in connection with a \$40 million sale and merger of a food processing facility. Traced journal entries and general ledger activity, identified GAAP capitalization irregularities, performed working capital true-ups, evaluated insurance claims, and analyzed customer and vendor concentration risks.
- Retained as a neutral expert in a post-sale \$50 million healthcare system merger dispute. Reconstructed accounts receivable where records were alleged to be lost, performed inventory and working capital true-ups, and determined the working capital credit owed to the buyer.
- Traced \$2 million in concealed vendor payments arising from collusion between on-site property managers and a real estate developer. Performed comparative analyses between suspect vendors and a control group to quantify losses from collusion, inefficiencies, and delayed tenant turnover.
- Analyzed widespread fraudulent transactions involving California-issued SNAP benefit cards. Performed card- and recipient-level analyses to quantify alleged damages and evaluate transaction patterns across defendants.

- Traced cryptocurrency assets across multiple blockchain addresses and digital wallets, reconstructing the movement of approximately \$1 million in obscured digital transactions.
- Rebutted lease claims asserted by a REIT landlord against a San Francisco Bay Area technology company. Calculated mitigation damages and significant lease credits owed to the tenant.
- Reconstructed the books and records of a homeowners' association for alleged long-term skimming of parking and tenant revenues. Analyzed detailed schedules of income and expenditures spanning a twelve-year period.
- Reviewed the scope and influence of financial management over the books and records of a well-funded San Francisco Bay Area AI robotics startup. Assessed management control, subscription terms, return rates, and revenue lapping issues.

Business Valuation

Lead valuation expert in complex, high-exposure enterprise, equity, and intangible asset matters involving litigation, regulatory scrutiny, and contested transactions.

- Led and supervised 400+ business valuations across a broad range of industries, including real estate, construction, property management, investment holdings, hospitality, automotive, trucking, wineries, franchises, retail, professional services, healthcare, cannabis, and manufacturing. Determined the value of noncompete agreements and personal guarantees and applied discounts for lack of control, lack of marketability, and trapped capital gains. Prepared opinions under IRS, AICPA, IFRS, SEC, NACVA, and California family law standards for litigation, gift and estate tax, and family law proceedings.
- Served as valuation expert for private equity and pre-IPO matters, analyzing multiple equity classes, carried interests, waterfall distributions, contingent arrangements, co-investments, claw-backs, and vesting rights. Applied Black-Scholes and related option pricing models in contested litigation and tax matters.
- Reviewed and independently tested 100+ fair value determinations involving business, intangible asset, and liability valuations under FASB, PCAOB, and IFRS standards. Frequently retained in M&A disputes and audit-related matters requiring independent recalculation and critique of valuation conclusions.
- Valued the economic benefit streams of a marquee NFL franchise, including advertising, sponsorships, premium seating, naming-related revenues, and ancillary income. Analyzed public-private stadium arrangements, revenue and expense sharing, and management control issues central to high-visibility disputes.
- Valued the loss of service of a U.S. Arleigh Burke-class destroyer following a collision overseas. Quantified personnel costs, depreciation, useful life impacts, modernization costs, and mission-related operating data, drawing on historical naval records and operational benchmarks.
- Valued 35+ cannabis enterprises for PCAOB, SEC audit, due diligence, and litigation matters. Testified before the PCAOB regarding approximately 12 valuations, addressing regulatory scrutiny, valuation methodology, and audit compliance.
- Rebutted claims of lost equity value asserted against a Silicon Valley, private-equity-backed electric vehicle and charging infrastructure company. Challenged the propriety of a 409A valuation and allegations of \$4–\$6 million in executive disenfranchisement.

- Valued a 900-location healthcare clinic franchise, analyzing market penetration, royalty structures, growth trajectories, franchise- and enterprise-level cash flows, and intangible value. Provided expert testimony in connection with disputed valuation and damages claims.
- Valued a 100-year-old marine construction and dredging company with substantial U.S. Navy contracts. Assessed capital intensity, long-term equity evolution, and fleet-level profitability in a contested litigation setting.
- Valued the intellectual property of a nationally recognized wedding gown brand for IRS estate tax purposes using the relief-from-royalty method and a Mandelbaum analysis.
- Valued a large mortgage warehouse firm, analyzing mortgage-backed securities portfolios, risk exposure, projected cash flows, and disputed mark-to-market accounting methodologies.
- Valued a prominent Napa Valley winery brand, supporting resolution of shareholder and family disputes involving property acquisitions, dividends, and intercompany financing.
- Valued a celebrity-backed cannabis enterprise subject to a put option, addressing valuation volatility arising from evolving regulatory, banking, and market conditions.
- Rebutted \$100 million lost business value claims asserted by a regional pharmaceutical chain. Identified critical deficiencies in the opposing expert's data selection, assumptions, discount rates, and application of valuation methodology.
- Determined the value of three San Francisco Bay Area commercial real estate brokerage firms for M&A purposes, including ownership allocations in a proposed joint venture structure.
- Valued one of the largest U.S. pet food manufacturers for buyout purposes and assisted the board of directors in resolving dissident minority shareholder claims.
- Supported a board of directors in a medical services provider dispute involving the buyout of minority interests. Provided valuation and financial analyses supporting the independent determination relied upon under the governing transaction documents.

Alter Ego

Financial analysis and rebuttal of alter-ego, veil-piercing, insolvency, and ability-to-pay claims.

- Traced \$12 million of investor funds misappropriated by a fiduciary through multiple alter-ego and related-party entities. Quantified damages and prepared analyses supporting the forfeiture of the fiduciary's partnership interests.
- Rebutted alter-ego claims asserted by multiple California municipalities against Management Service Organizations, including physician-owned medical centers, imaging centers, and correctional healthcare providers. Prepared solvency, capital adequacy, cash flow sufficiency, and ability-to-pay analyses demonstrating compliance with corporate formalities and financial separateness.
- Rebutted alter-ego allegations involving a prominent San Francisco Bay Area construction and real estate firm. Conducted multi-year analyses of solvency and capitalization, traced intercompany cash flows, and demonstrated observance of corporate formalities and segregation of financial duties.
- Separated alter-ego and veil-piercing damage claims asserted against a national restaurant franchise. Prepared franchise-level financial statements, valuations, and bankruptcy waterfall analyses, resulting in approximately \$4 million in liability reduction.

- Prepared financial analyses for a restaurant chain addressing subsidiary-level liabilities. Developed separate financial statements and bankruptcy waterfall analyses and assisted in negotiating a \$4 million reduction in asserted liabilities based on inability-to-pay analyses

Accounting and Litigation Standards Committees

- Served as Chairman and current member of the National Association of Certified Valuation Analysts (NACVA) Litigation Forensics Board, overseeing issues related to economic damages and forensic accounting standards, litigation-based curriculum, and member admission and discipline.
- Currently serve as a member of the American Institute of Certified Public Accountants (AICPA) Professional Ethics Executive Committee (PEEC) Enforcement Subcommittee, reviewing matters involving auditor independence, due care, and acts discreditable to the profession and recommending enforcement actions against CPA members.
- Served on the AICPA PEEC Technical Standards Subcommittee, reviewing 100+ cases involving alleged failures to properly apply accounting standards, including revenue recognition, expense recognition, and accounting estimates.
- Former member of the NACVA Standards Committee, contributing to the development and alignment of national valuation standards across the AICPA, NACVA, and ASA.
- Former member of the Ohio Society of CPAs Ethics Committee, reviewing 200+ cases involving alleged ethical violations by licensed CPAs and auditors.
