Who's Who Legal – Construction – Quantum, Delay & Technical Expert – Global Leader

Who's Who Legal – Construction Expert Witness

Education

- Master of Business Administration - University of Arkansas - 1990
- Bachelor of Science in Civil Engineering - University of Arkansas - 1983

Mr. Yeager is a Managing Director based in the Atlanta Office of Berkeley Research Group (BRG). He has more than twenty years of experience in heavy and highway general contracting, quarry management, construction management, business management, and has developed highly specialized skills in estimating, scheduling, project management and business management.

Mr. Yeager has provides numerous litigation support and project risk management services including master scheduling, conceptual estimating/budgeting, constructability review, schedule analysis, data management and integration, progress analysis, claims analysis, evaluation of project delay, analysis of resources and productivity, quantification of damages, and expert testimony. He has also provided project risk management consulting services for owners in the US and Canada.

He has extensive litigation support and expert testimony experience including delay analysis, productivity studies and quantification of damages.

Mr. Yeager also has experience with ICC international arbitration and has testified twice in Qatar in a matter involving the construction of two of the world's largest liquefied natural gas plants and one natural gas facilities in Ras Laffan, Qatar and for the Al Bayt FIFA soccer stadium. He also has been involved in projects in Oman and Saudi Arabia. Mr. Yeager has also testified in an ICC international arbitration in Canada.

His experience, along with his ability to simplify and effectively communicate complex issues, has proven to be an asset to owners, contractors and sureties in the US, Canada, South America and the Middle East.

Project Experience

Dispute Resolution

- Southeast Stoney Trail – *Calgary, Alberta*
