

A Career in Consulting Is Closer Than You Think

At BRG, we foster a collaborative environment where you can make a difference on a global scale. Here, your insights become solutions that shape the future.

INTELLIGENCE THAT WORKS

Where Ideas Drive Solutions

BRG is recognized as a “best place to work” and a top consulting firm. Our flat structure and integrated teams mean that every individual works directly with our hands-on, industry-leading experts.

Drawing from our diverse talent and perspectives, we create the space where intelligence works to solve our clients’ toughest challenges.

The Opportunities

We offer opportunities for undergraduate and master’s students, recent graduates, and professionals.

Experienced Consulting Staff

Experienced consultants are driven professionals who have at least two years of hands-on experience (beyond internships). They are motivated problem solvers with sharp analytical skills who are eager to grow in their careers and ready to make an impact. The ideal candidates come from diverse backgrounds and bring expertise from a variety of industries, helping us offer our clients top-notch advice, data insights, expert testimony, and support in areas like discovery, investigations, and regulatory and dispute consulting. Consultants bring creative perspectives with deep business acumen and big-picture thinking with practical strategies to help stay ahead of what’s next.

Corporate

Corporate roles at BRG span Human Resources, Marketing, Workplace Services, Operations, Legal, and Accounting functions. These roles provide the critical infrastructure, expertise, and resources that enable our growing firm and global teams of experts and professionals to thrive.

Campus

Associate

This full-time consulting staff position is open to recent undergraduate and graduate school candidates. You’ll learn and grow relevant business knowledge, develop practical analytical skills, and gain insights into our diverse service offerings. You will be a valued team member and will contribute to solving some of the world’s leading issues. The work of an Associate can be either qualitative or quantitative in nature, and projects range from industry and subject-matter research to data collection and preparation of statistical, financial, and other forms of analysis.

Summer Associate

Our Summer Associate Program is for students who have completed their junior year of college or are in a master’s program. The program runs for eight weeks through the summer season. You will work as a consulting staff member and have the opportunity to learn more about the professional services industry, connect with industry leaders, and develop a solid foundation on which to build your career.

“Collaboration is a big part of the ethos here. BRG stands out because managers and experts appreciate and leverage ideas from anyone on their team. Despite hierarchies in titles, everyone can have a meaningful impact on the work we do”

Katie Encinas
