SUMMARY

Dr Anselm Mattes is a Managing Director at E.CA Economics – A BRG Company, in Berlin. He has more than 20 years of experience in economic consulting with a focus on applied empirical economics. Since 2006, Anselm has provided economic advice to a wide range of clients, including the European Commission, several federal ministries in Germany and many private clients, ranging from start-ups to global players.

In his client-focused work as an economic consultant, Anselm has gained experience in all fields of competition policy, including mergers, damages quantification in private litigation cases, abuse of dominance, State aid and regulation. Anselm's industry experience comprises a broad variety of sectors, inter alia trucks, automotive supply, steel, retail, nuclear and renewable energy, power cables, lasers, forestry, music and copyright industries, public broadcasting, tourism, telecommunications and rail freight.

Before joining E.CA, Anselm worked as a Manager and Senior Researcher at DIW Econ, the consulting firm of the German Institute for Economic Research (DIW Berlin), and as an Economist at the Institute for Applied Economic Research (IAW) in Tübingen. Anselm holds a doctoral degree in economics from Eberhard Karls University in Tübingen as well as a master's degree in economics from the University of Hohenheim in Stuttgart.

In his academic research, Anselm focused on international economics and, in particular, on foreign direct investment (FDI) by multinational enterprises. His work has been published in international peer-reviewed journals, such as the Canadian Journal of Economics and Applied Economics Quarterly, as well as in policy-oriented journals like Wirtschaft und Wettbewerb, DIW Wochenbericht / DIW Weekly Report, Wirtschaftsdienst and ifo Schnelldienst.

Anselm is recommended as Competition Economist in Who's Who Legal / Lexology Index: Competition since 2024. He received an Antitrust Writing Award in 2024.

Anselm works in both German and English.
